There are risks associated with an investment in any structured product. It should always be understood that: structured products are not suitable for everyone. Past performance is not a reliable indicator of or guide to future performance and should not be relied upon, particularly in isolation. The value of investments and the income from them can go down as well as up. The value of structured products may be affected by the price of their underlying investments. Capital is at risk and investors could lose some or all of their capital. The 'important risks' section of our website highlights the key and other risks of structured products, in addition to explaining important information for Professional Advisers who wish to access the current products area of our website and who may use our structured product plans with their clients: [www.tempo-sp.com/home/important-risks](http://www.tempo-sp.com/home/important-risks). Professional Advisers should access and read the relevant plan documents relating to any structured product plan of interest, in particular: the plan brochure; plan application pack, including, the terms and conditions of the plan; and the issuer's key information document (KID), securities prospectus and final terms sheet, before making a recommendation to their clients. Professional Advisers should not invest in, or advise their clients to invest in, any investment product unless they and their clients understand them, in particular the relevant risks.
